

# SWIFT BLENDER™

■ CHSSB001

DESIGNED BETTER. BUILT STRONGER. LASTS LONGER.

## VALVE-COMMAND™ CONTROLS

Placed at eye-level and within reach, the visual controls help you choose the right valve at the right time.

## ROCKET-BLADE™ JUG CUTTER

Place the jug in the right position and empty any dry mix or liquid in seconds. Let the knife do the dirty work.

## FAST-FLOW™ DESIGN

Engineered with sweep elbows and as much straight plumbing as possible, filling a sprayer and drawing from tanks is fast. All stops are eliminated.

## PUMP-PLATFORM™

A built-in plate puts the pump in the right position and keeps it near the mixing station.

## DOUBLE-TOTE™ VALVES

Draw from one tote or two, you choose.

## TIME-SAVER™ FORK-POINTS

The built-in fork slots makes the entire unit a breeze to lift and load. Move it where you need it.
